OEM PRODUCT SPECIFICATION SHEET

NATURAL ANTI DEPRESSANT SUPPLEMENTS

General

Natural Anti Depressant Supplements, Product #LDC-70-100, is an effective, pleasant, and safe way to combat depression due to abnormal stress or other life circumstances. Widely used in Europe, Paradise Planet makes this outstanding product available to USA residents.

Use only in according with the following directions. The effectiveness of this product has not been evaluated by the US Food and Drug Administration.

Dosage

Product is sold in lots of four units per package. Each unit contains ten doses in bulk. Break unit along score lines to separate product into individual square doses.

Take 1-2 doses at 10:00 am and 1-2 doses at 2:00 pm to limit the depressive effects of stress. In extreme cases another 1-2 doses, for a total maximum of 3-6 doses per day, may be consumed two hours before bed time.

Warnings

Maximum anti-depressive benefit is obtained when product is consumed daily. Do not exceed six doses per day. While doing so is not immediately harmful, continued overdosing may result in unintended side effects such as weight gain.

Reorder Information

Please mail requests for additional product to the address at the top of this specification sheet. For faster service, please call (761) 325-7589 in the Pacific or Mountain time zones, or call (214) 234-9283 in the Central or Eastern zones.

It's Always Better In Paradise!
